Area Sq relocate to new Head Office

As a result of record business in 2004, Area Sq, the specialists in the design and fitting out of office interiors have relocated from their existing offices to a 4,500 sq ft Victorian Post Office Building in Egham, Surrey. The refurbishment was completed in 8 weeks and the new Head Office showcases some of the latest office products available to clients.

Clive Lucking explains: 'we have doubled our staff levels to 30 people in the last two years and will turnover in excess of £12 million this year. We needed our new offices to help us accommodate our existing staff, as well as to provide us with a platform for further growth.'

'Moving to a location in the Egham area was essential for us as we didn't want to lose any of our current team. The choice of a location in the M25 corridor, which is easily accessible for our clients and partners, was also a key criteria.' Clive adds.

The Offices use the latest product ranges from Orangebox, Arenson Group, Interoffice, Ryan and Komfort partitioning.

Area Sq also have a London Office in Dover Street, W1.

Recently completed projects include Budgens' headquarters in Harefield (41,000 sq ft), AWD Plc in London Stock Exchange Building, (14,000 sq ft) and Red Consultancy in London W1 (8,500 sq ft).
