## Area Sq launches a Client Support Programme

On 1<sup>st</sup> August 2005 Area Sq, the office design and fit-out specialists, launched a new dedicated Client Support Team to assist their major clients after project completion.

The team will allocate each client a Client Support Manager who will act as a dedicated contact for future churn works and minor projects. In addition to project managing the works, they will ensure that all approvals are obtained and provide updated "As-Built" drawings on an ongoing basis.

Clive Lucking, Managing Director says: 'We are committed to maintain the same levels of client service and attention our clients received during the original project in order to establish a long term relationship. The client support team has a wealth of experience and this new Department strengthens the comprehensive service we can offer to clients'.

-Ends-
