Area Sq open their new London Office in Mayfair

Following their rapid expansion, Area Sq, the Office Design and Fit-Out specialists have segmented the business into a Regions team and a London team, who have just relocated to a new 3,500 sq ft office in Grafton Street, Mayfair.

The London team is headed by Oliver Hammond (MD), Amanda Godwin-Jones (Design Director) and Rob Young (Sales Director), all of whom have worked for Area Sq for a number of years and have played an important part in the development of the Business, working on projects such as BAA, easyJet, TATA, Budgens and Chandler Chicco.

Clive Lucking, MD of Area Sq says: 'All three have contributed so much to Area Sq over the last 6 years and they thoroughly deserve the opportunity to lead the way as we firmly establish ourselves in the London market.'

The new office, which was Pringles former West End showroom, has been fitted out in a contemporary style with a focus on imagery to reflect the company's skills and identity.

Oliver Hammond explains: 'We wanted this office to be a showroom where everyone would be proud to bring clients and partners alike and I believe we have created the perfect

environment for that. We are all extremely motivated and within a week of opening we have already received two major orders.'
